

With a simple fold, Jeliku takes you on a boundless adventure!

Roam the savanna with a towering giraffe and a majestic lion; dive into the deep blue sea to hunt for treasure with nimble jellyfish and angelfish; explore the secret forest by twisting out a winding snake and chameleon; travel through the time tunnel to meet a mighty T-Rex; and finally, return to a cozy farm where a cute puppy and chick bring you joy.

One Jeliku, infinite possibilities. The adventure never ends. Now, use your hands to create your very own story.

LAND ANIMAL ZONE FACT FILE

OSTRICH

The largest bird in the world. Although it cannot fly, its extremely strong legs make it the fastest two-legged animal on land.

1PCS

LION

Known as the king of the beasts. Male lions have a magnificent mane. They usually live in groups and are top predators on the savanna.

2PCS

GAZELLE

The jumping expert of the savanna. It has slender legs and is highly agile, leaping quickly to escape danger.

1PCS

Are you ready to meet these savanna friends? Let's check our guide and find out!

Wow! There are so many special animals here!

MOON JELLYFISH

Looking like clear jelly or an open umbrella, these gentle swimmers float through the water. They catch their food using thin, long tentacles.

Let's dive deeper and explore the bottom of the sea! It's getting darker and feels so mysterious down here.

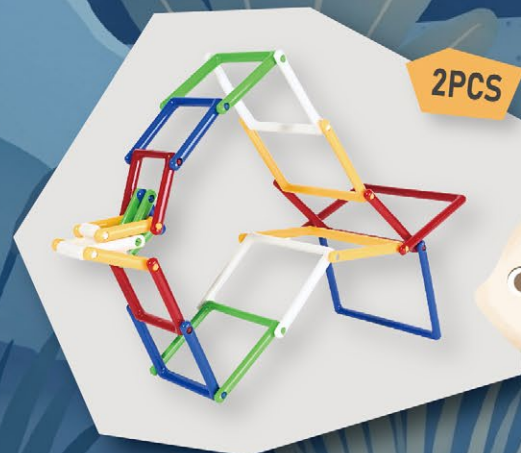

2PCS

SEAHORSE

Its head looks like a horse, and it swims upright. It has a long tail that curls around seaweed or coral so it won't be swept away by the current.

ANGELFISH

With a flat, disc-like body and beautiful long fins, they swim with pure elegance. Gliding through the coral reefs, they truly look like little underwater fairies.

OWL

With round, huge eyes working like night vision goggles, they can see clearly in the dark. Flying completely silently through the air makes them mysterious nighttime pilots.

We finally made it to the deepest part of the jungle! There are tall trees everywhere, it feels like a mysterious green maze!

Wow! Stop and look over there! There's a snake slithering and winding its way along the land. That is so cool!

CHAMELEON

Known as the ultimate master of disguise in the forest! Able to change skin colors to blend in perfectly, they use a super-fast, long tongue to catch bugs.

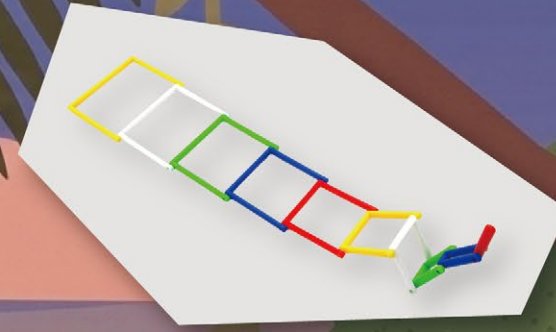

SQUIRREL

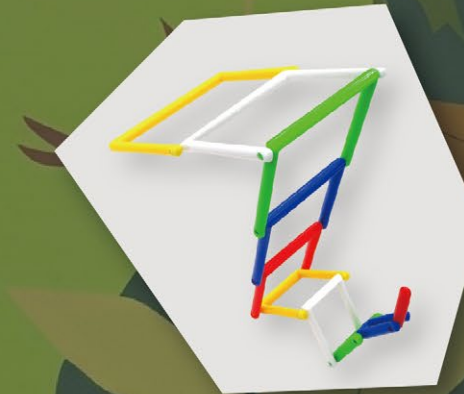

With a flat, disc-like body and beautiful long fins, they swim with pure elegance. Gliding through the coral reefs, they truly look like little underwater fairies.

PREHISTORIC ANIMAL ZONE FACT FILE

TYRANNOSAURUS

Reigning as the king of the prehistoric world, this hunter has massive jaws and sharp teeth. Despite its tiny arms, its incredible speed and strength made it a truly powerful predator.

PLESIOSAUR

Swimming through ancient oceans, this marine reptile is famous for its incredibly long neck. With four paddle-like flippers, it glides through the water as gracefully as a giant turtle.
